JAPANESE COMMAND ON CHINESE TACTICS

Bewildering Message

CHUNGKING, Feb. 18 (Reuter)—Enquiries regarding the announcement by the Japanese addressed to Chinese commanders reveal that the Japanese South China Command on Feb. 16 sent a message to Chinese military leaders on the South Kwangsi front by means of a radio broadcast paying tribute to the bravery of Chinese soldiers but criticising the Chinese tactics.

In a statement published this morning Chinese military authorities express surprise and bewilderment at the Japanese message.

They declare: "The Chinese tactics may not be clever but they are the same tactics which frustrated Japanese drives in north Hubei, south Shanghai, north Hunan, north Kwangtung and south Kwangsi."

"Whatever the Japanese may say, the Chinese will adhere to the tactics adopted in the past. In south Kwangsi, unfortunately, the Japanese did not dare to penetrate farther and the speed of retreat was unusual. Otherwise the Chinese plan of annihilation would have been achieved."

Speaking on strategic points the spokesman asked "How can the Japanese explain the recapture by the Chinese of Kunlunkwan, a famous pass, for the defence of which they lost one major-general?"

"As the Chinese supreme commander puts it 'our tactics are to force the Japanese to admit defeat without a battle. No Japanese troops will be allowed to return. Either they are killed in the fighting or perish in the siege.'"

"The Japanese losses in men and equipment in the south Kwangsi battle was unprecedented."

REMOVAL OF ANTI-BRITISH POSTERS

PEIPING, Feb. 17 (Reuter)—According to a reliable report, the local Police authorities have received instructions to remove all traces of anti-British posters and to destroy unused stocks of same. The Police are also instructing Chinese shopkeepers to remove signs in the Japanese language from shopfronts and shop windows.

Japanese Efforts To Reduce Pressure By Chinese

CHUNGKING, Feb. 17 (Reuter)—The fighting in East Chekiang has become more intense as the Japanese forces are said to have crossed the Chientang River at points east and west of Hsiao-shan, in an effort to relieve the pressure by Chinese troops on that city, according to a Chinese report received today.

German-Japan Relations: Wilhelmstrasse Sends Special Envoy To Tokyo

SPECIAL TO THE HONGKONG DAILY PRESS

TOKYO, Feb. 18 (Havas)—Herr Emil Hillefisch, director of the Hamburg-Amerika Line and a German State councillor, arrived here on February 13 on a special mission from Herr von Ribbentrop, Nazi Foreign Minister, to investigate the present state and prospects of Japan-German relations. He will stay here for several months.

It is understood that the Asama Maru incident was the reason for the Wilhelmstrasse to dispatch the Extraordinary Envoy.

Ever since September, the Wilhelmstrasse has been worried by the trend of official relations between Berlin and Tokyo especially the attitude of the Japanese masses to Germany.

The Wilhelmstrasse considered the solution of the Asama Maru affair a diplomatic defeat for the Reich and an indication of the failure of plans tending to bring Japan's policy to follow the policy of totalitarian states.

SEVERAL FACTORS
It is believed that the Wilhelmstrasse officially expressed its dissatisfaction to the Japanese Foreign Minister, Mr. H. Arita, for having sacrificed German interests in favour of British policy. Later several factors continued to the

About 2,000 Japanese troops are stated to be holding out on the south bank of the Chientang River.

JAPANESE ADVANCE
At dawn on Thursday Japanese troops crossed the river from the north bank, east of Hsiao-shan, at Sanchai and Paimashan.

The troops which landed at Sanchai have advanced southward towards the town of Anchang. In the meantime the Japanese forces at Hsiao-shan have launched attacks against the Chinese positions in an attempt to support their troops crossing the two rivers.

SUNWUI SECTOR
SHIHUNG, Feb. 18 (Central)—Under a barrage a Japanese column drove westward on the Sunwui-Hokshan highway on Feb. 14. It was intercepted by the Chinese at Lientong and subjected to frontal and rear attacks.

After sustaining considerable losses, it retired to Taimushan and Suinshihuan.

To the south of Sunwui the Chinese are closing in on Kuiting which has been recently taken by the Japanese. Shatui and Mukok are still in Chinese hands.

More than ten Japanese armed launches in the river at Wanling in Sunwui district were fired upon by Chinese batteries on Feb. 12. Two of them were sunk and over 100 Japanese were killed.

JAPANESE KILLED
FANCHENG, HUPH, Feb. 18 (Central)—More than 1,300 Japanese were killed during the recent fighting in the Taining mountain range northwest of Kinsing, in Central Hubei. The Chinese captured a large quantity of war spoils.

Repeated Japanese thrusts at Chilikang near Macheng, in north-east Hubei, during the last few days have been repulsed.

SOMEWHERE IN SHANTUNG, Feb. 18 (Central)—Over 100 Japanese were killed.

ALTMARK INCIDENT: STATEMENT BY THE NORWEGIAN PREMIER ON NEUTRALITY VIOLATIONS

Full Story Of Action By British Warship: Prisoners Interviewed

OSLO, Feb. 18 (Reuter)—M. H. Koht, Norwegian Premier and at present also the acting Foreign Minister, in a speech at Trondheim, referring to violations of neutrality, said: "The worst case was the Altmark but it is clear that if we are unable to defend our neutrality, Germany will not have acquired the right to carry on war in our territorial waters."

"Norway has maintained a policy of neutrality even in the case of Finland. Norway has deep sympathy with Finland but our defence is built up in such a way that we might hope to defend our country but no one can expect aid from us."

THE PRIME MINISTER CONFERRED TODAY WITH THE BRITISH MINISTER AND EXPRESSED, IN STRONG WORDS, "THE HORROR AND INDIGNATION FELT BY THE NORWEGIAN GOVERNMENT AT THIS GROSS VIOLATION OF NORWEGIAN NEUTRALITY."

An official statement was issued by the Norwegian Foreign Office.

"The Norwegian Government has asked the Norwegian Legation in London to inform the British Government of the episode and to lodge a serious protest against 'this violation of the neutrality of Norway'."

"The Legation has been ordered to demand that the British Navy be instructed to respect Norwegian neutrality and to state that the Norwegian Government expects compensation and satisfaction, and also that the prisoners be handed over."

It appears that the Germans had refused Norwegian officers permission to examine the Altmark.

NORWEGIAN PROTEST
LONDON, Feb. 18 (Reuter)—The Norwegian protest in regard to the Altmark was received in London yesterday evening.

It was stated in London last night that "it has been for some time common knowledge that 300 to 400 British prisoners, in quite intolerable conditions, were on board the Altmark. This fact has also been known to the Norwegian Government."

"It was, therefore, with surprise that His Majesty's Government learned that the Altmark has been allowed to leave Bergen with these prisoners still on board and proceed southwards, inside Norwegian territorial waters, to a German port."

"Knowing what they did about the ship, it was to be expected that the Norwegian authorities would have thought it necessary to detain her and to make a more thorough search, if their efforts failed to reveal definite proof of the presence of prisoners on board."

FULLY ENTITLED
"That they did not do so is clearly a situation in which it was not possible for His Majesty's Government to refrain from immediate action, which, in the circumstances, they felt themselves fully entitled to take for the liberation of the prisoners."

"If any further justification had been needed, it would have been found in the general conduct by the Germans of the war at sea, in their total disregard of the rights of neutrals and the dictates of humanity."

"Appropriate orders were accordingly given, as has already been stated, to His Majesty's ships, which acted with the full approval of His Majesty's Government."

The past history of the Altmark and the circumstances in which she entered Norwegian waters and, in particular, the port of Bergen, were such as, in the view of His Majesty's Government, to impose

RUSSIAN PRESSURE RELAXES

HELSINKI, Feb. 18 (Reuter)—Russian pressure north-east of the Karelian Isthmus has relaxed and the Soviet is concentrating men and material in the Summa sector where a great number of Finnish casualties were caused by Russian war planes.

The Russians seem to be using fewer tanks.

WORST BOMBING

STOCKHOLM, Feb. 18 (Reuter)—Finland on Saturday suffered the worst day of bombing since the war started, according to correspondents in Tidningen.

Over 300 Russian warplanes raided at least 14 towns outside the war zone but only a handful were killed and there was relatively slight damage.

THRILLING SPORT AT OPENING DAY OF
H.K. JOCKEY CLUB'S ANNUAL MEETING
AT HAPPY VALLEYLarge Crowd Present:
New 6-Furlong Record
For China Ponies

Mr. R. B. Moller's Success

A new record was established and a previous record equalled on the opening day of the Hongkong Jockey Club's Annual Meeting on Saturday, when, in ideal weather, a large crowd witnessed some thrilling racing.

Both records were over the six furlongs course. Spiclight, winning the Maidens, in 1.22.4, improved, by a full second, the previous record held by Rose Elect for China ponies, while Far View equalled Courting Eve's track record of 1.16.2 for Australian horses. The difference in time between the Australian and China pony over the six furlongs is 6.2 secs.

The going was fairly hard and this no doubt contributed towards the fast times.

There were no protests and there was only one slight accident, Mr. S. W. Tang having injured his leg when he was unseated by Finalist, a new Australian pony.

MR. MOLLER'S SUCCESS

Mr. R. B. Moller had a very successful day with three amazing wins. He won the Challenge Cup outright. His winning horses were Navylight, who, incidentally, paid \$52.70, the best dividend, Spiclight and Satinlight. All three were ridden by Mr. R. B. Moller (Jnr.), who was thus the champion jockey of the day. Mr. P.Y.T. Wei was second, with two wins and four places.

The Daily Double paid \$17.40 to each of 420 backers of the winning combination Satinlight and Strathbannock.

FULL RESULTS

Following are the results.

RACE ONE

Navylight was first off from a bad start. Confusion Bay, hot favourite, and Eve of Harvest, next in demand, followed in the order with Galaxy, least fancied, last. Entering the back stretch second time round, Eve of Harvest took the lead with Navylight and Confusion Bay following close behind. In the home run Navylight and Confusion Bay fought out a thrilling race, running neck-and-neck for over a furlong, while Eve of Harvest weakened to take third place many lengths behind. Galaxy was a bad last.

RACE TWO

Courting Eve, favourite, was first to show up. The field was bunched from the start. In the home run Lancashire Chips, second favourite with nearly a third of the pari-mutuel win tickets came up strongly followed by Crifell, fourth in demand. The two finished first and second respectively, while Double Finest, spurred to snatch third place from the thing favourite Courting Eve.

RACE THREE

Spiclight was first away followed by Dupont Bay, White Diamond and Craigavad. Spiclight went on to win easily without meeting any opposition, while Dupont Bay and White Diamond weakened in the home run to give way to Craigavad, who was second and Possible, who came up strongly from behind to fill the third place.

RACE FOUR

Melody Star, third favourite, and Australian Diamond, second favourite, led the field from a good start. In a thrilling finish Australian Diamond beat Melody Star for first place by a short head while Lucky Lady was third with Many Thanks fourth and the fairly well-fancied Albany fifth. The last named should have improved from the run and will bear watching.

RACE FIVE

Lovely Star, second favourite, took the lead followed by Royal Highness, outsider, Bokat Bay, fourth favourite, and Galveston Bay, hot favourite. This order was

TIPSTER'S
SUCCESS

"LAST QUARTER" THE HONGKONG DAILY PRESS RACING EXPERT, CONTINUES HIS SUCCESS IN THE NEW YEAR.

On the opening day of the Annual Meeting on Saturday, he successfully named five out of ten winners. They were Lancashire Chips (\$13.60), Spiclight (\$7.80), Australian Diamond (\$20.70), Sapper (\$10.30), Strathbannock (\$11.50) and Far View (\$10.70).

Three horses tipped by "Last Quarter" for places came first. They were Navylight (who paid \$52.70, the day's best dividend), Baffin Bay (\$23.90) and Satinlight (\$7.40).

Nine others of "Last Quarter's" selections were placed in close finishes. They are Confusion Bay, Eve of Harvest, Crifell, Bokat Bay, Galveston Bay, Lucky Lad, Mount Hope Bay, Viceroy and Sea Jay. Altogether 17 of his 30 selections were successful.

IT PAYS TO FOLLOW "LAST QUARTER."

maintained first time past the stands.

In the back stretch Lovely Star drew away with Tampa Bay also moving up. The latter eventually took second place, overhauling Bokat Bay at the rock. Royal Highness had weakened and was not in the picture at the bend, where Tampa Bay and Bokat Bay caught up with Lovely Star.

In the home run, Tampa Bay and Bokat Bay easily outstripped the rapidly rising Lovely Star who eventually finished in the back and they went on to finish in that order with only a short head between them. Galveston Bay finished a good third while Commencement Bay finished strongly to take fourth place. It was a close race with only a short head between each of the first four candidates.

RACE SIX

Baffin Bay, second in demand, and Cocklerol, least fancied, were the first to show up from the bunch, the field having got away well together, except for Winfred, who was left. Chiltern was going well in the back stretch but weakened later.

Baffin Bay, who led into the straight, was hotly challenged in the home run by the little fancied Tornado Star who overhauled him for a moment, but Mr. Hearne brought his mount strongly up on along the rails and was just able to win by a short head, while the favourite Lucky Lad beat Cocklerol for third place in an equally thrilling encounter. Winfred was a last.

RACE SEVEN

Mount Hope Bay, second in demand, Satinlight, hot favourite, Grebber, outsider, were prominent in the early stages. At the rock Satinlight took the lead, was first into the straight, and went on to win comfortably by five

Saigon Footballers Beaten
Again In Farewell Game:
Combined
Chinese Win
By 4 To 3

In their farewell match against a Combined Chinese team at Caroline Hill on Saturday, the Saigon Interport Football team were again defeated, the Chinese winning by four goals to three.

WEAK FINISHING

The weak finishing of the Saigon forwards was once again the main cause of their defeat, while in the first half—with the sun against him—Tsi could not be entirely blamed for letting three fairly easy shots at goal get past him.

The score was three-two in favour of the home team at the interval, Gulchard having scored two for the visitors at that stage.

Corea appeared a bit stiff at the start, but warmed up and gave a good display, while Tot and Gulchard were the outstanding men in the Saigon attack. The Chinese backs, Hsu Yung-sang and Lee Tin-sang, played a spectacular game, effectively checking many good movements by the Saigon forwards, while Hsu King-seng and Fung King-cheung were prominent in the Chinese offensive.

THE PLAY

Saigon kicked off and it was not long before Chan Tak-fai headed to Fung King-cheung, who netted easily from a corner taken by Gulchard. Hsu passed back to the Frenchman, who scored, with a terrific shot which completely beat Cheung Wing-choy.

The next Chinese attack was started by Hsu King-seng, who passed to Fung, who in turn headed the ball to Chan Tak-fai, who easily broke through and found the net. This was followed by a sole run, downfield by Tang Kwong-sun, who centered for Cheuk Shek-sam to score the third for the Chinese.

Shortly before the interval Gulchard received a pass from Bul, which he successfully converted and the whistle went with the home side leading by the odd goal in five.

SECOND HALF

The second session opened with the Chinese pressing hard and their efforts were rewarded quite early when Lee sent in a freak shot which completely baffled

Tai Chan rushed in after the ball had crossed the goal line and, as if to make certain of the goal, forced it into the net.

Hard work by Hsu resulted in Saigon scoring another goal towards the end of play. By a series of cross-passing with Tien, Hsu eventually got near enough to net a first timer, which completely beat Cheung Wing-choy.

MORE NAZI RUTHLESSNESS AGAINST NEUTRAL SHIPPING: DANISH AND NORWEGIAN SHIPS SUNK

LONDON, Feb. 17 (Reuter).—Two Danish ships were sunk in the North Sea yesterday by U-boats, and 39 survivors have now been landed. There are still 22 missing.

BOTH TORPEDOED
The two ships are the Rhone, 1,064 tons, and the Sleipner, 1,066 tons, and they were sailing off the East Coast early yesterday morning when they were torpedoed. They were close together and were sunk within 10 minutes of each other.

So far, 9 men have been landed from the Rhone and 13 men, including six passengers, from the Sleipner.

NORWEGIAN VESSEL
AMSTERDAM, Feb. 17 (Reuter).—The Norwegian steamer Kvernass (1,819 tons) sank in the North Sea following an explosion, believed to be caused by a torpedo from a U-boat.

The crew, including some injured, were rescued by the Netherlands steamer Oranjenk older.

ENTERTAINMENT FOR GRAF SPEG BATTLE HEROES

LONDON, Feb. 17 (Reuter).—The heroes of the River Plate, as the men of H. M. S. Ajax and Exeter, now on leave in England, are being called, are to be entertained shortly at the Guildhall.

Commenting on this, the "Daily Express" suggests that the men should march through the streets of London.

Victories are the best propaganda, says the paper, and if the people can see the victors of the battle of the River Plate it will do more to hearten them than any number of speeches.

BLACKOUT ON MAR. 5

The Director of Air Raid Precautions announces that a blackout exercise will be held on the night of March 5, but the actual time will not be published.

Previous blackout exercises have generally commenced at 9 p.m. in the evenings, but it would be unwise of the general public to assume that this or future exercises will be held at this hour.

In order to comply with the Lighting Control Regulations, the general public should, if they have not already done so, purchase now the necessary material to black out their premises, and if possible put their darkening scheme through a trial test before March 5, and thus satisfy themselves that their scheme of darkening will meet the requirements of the Lighting Control Regulations.

RUMANIAN FRIENDSHIP WITH ITALY

YOUTH DELEGATION HEAD IN ROME

ROME, Feb. 17 (Havas).—The leader of the Rumanian Youth Organisation, who is visiting Italy with a delegation, spent another busy day yesterday.

AUDIENCE WITH KING
He had an audience with the King of Italy in the morning and at noon, accompanied by members of the delegation, was received by Signor Mussolini, with whom he conversed for some time.

GOVT. POLICY
BUCHAREST, Feb. 17 (Havas).—The visit of the Rumanian Youth Organisation delegation to Italy is being watched by the Rumanian press very closely.

As one paper puts it, the leader of the delegation "brings to Italy the salute not only of the 4,000,000 youths of the organization but of the whole people of Rumania."

Italy's friendship with Rumania, the Italian Government's policy in the Balkans and other Italian subjects are other subjects of comment by the Rumanian press.

NAZIS TO REJECT DUTCH PROTEST

BERLIN, Feb. 17 (Reuter).—It is indicated here that Berlin will reject the Netherlands protest and demand for compensation, over the torpedoing by a U-boat last week of the Burgerdijk. The protest, according to authoritative circles here, "is not warranted by the facts."

NAZIS ANNOYED
Indeed, Berlin circles are annoyed at the Dutch protest and make no secret of their indignation.

According to these quarters, the torpedoing of the Burgerdijk conformed with every provision of international law. The attitude of the Netherlands Government is "entirely un-neutral," say these quarters.

WILL NAZIS INTERVENE IN FINLAND?

REPORTS OF PEACE MEDIATION GAIN GROUND

STOCKHOLM, Feb. 17 (Reuter).—The view is gaining ground in Berlin, says the Berlin correspondent of the "Dagens Nyheter" that Germany will shortly make proposals regarding mediation in the Russo-Finnish war.

NO MORE CHANCE
The correspondent thinks it is no more chance that the German Ambassador in Moscow and the German Minister in Helsinki visited Berlin simultaneously.

Meanwhile, says a Helsinki despatch, the German Minister has returned to the Finnish capital from Berlin.

OPEN CRITICISM
BERNE, Feb. 17 (Havas).—The first open criticism in Germany of the Red Army has been published in the "Voelkischer Beobachter," official organ of the Nazi Party.

The Nazi journal says: "We doubt whether the offensive power of the Red Army can be increased."

"Winter has contributed somewhat to save Finland but Soviet victories of quite another kind were expected early in the war owing to the enormous Soviet numerical superiority."

NAZI SUPPLIES
MOSCOW, Feb. 17 (Reuter).—The recent commercial agreement with Nazi Germany provides for heavy shipments of German war materials to the Soviet Union, according to the Moscow radio.

RURAL REHABILITATION IN SHUMCHUN

Present Situation In Seven Villages

REPORTS OF THE PRESENT SITUATION IN SEVEN VILLAGES IN THE SHUMCHUN AREA were made on Sunday, February 4, at a meeting of village Elders. Mr. Percy Chen, chairman of the Shumchun Rural Welfare Centre, presided. A summary of the reports made showed that two villages suffered heavily from wanton destruction by the Japanese. Two-thirds of the village of Wong Pui Ling had been destroyed by fires which were lit separately in each house. The wooden beams were set on fire and the roofs collapsed.

The ancestral temple of this village dating back to two centuries ago was similarly treated, only 60 houses out of 1,000 escaped the destruction.

Losses in the other villages were confined to the looting of wood work, doors and windows which were used as fuel by the military invaders, and for repairing the bridges on roads.

The aggregate losses of these villages in cattle amounted to 80 percent. The worst off are the villages of Wong Pui Ling which has only 14 left of a former 1,000 and Tsoi Yuk Wai which has 20 left out of a former 600.

The Elders of each village reported the absolute lack of farming implements, seeds and fertilisers.

140 TONS OF FERTILISER

A vote of thanks was passed at the meeting to the Shumchun Rural Welfare Centre for the shipment of 140 tons of fertiliser that was sent to the border and it was decided that 2 piculs would be given to each farmer who assisted in the transportation of the fertiliser from the train in British Territory to Lowu village, from whence it would be distributed to the several villages. The division of the share allotted to each village was left to be decided according to families.

The assembled Elders agreed that it was good policy to curtail the planting and production of rice this year and to concentrate upon the production of vegetables.

In order to cope with the lack of farming implements the meeting discussed the possibility of hiring blacksmiths to give free service to the farmers who might have damaged implements, and also to assist those farmers who wanted to make their own implements. This question involving supplying hoes, rakes and watering cans for upwards of 3,000 families was recognised as one requiring careful planning.

ONE CARPENTER

It was pointed out that at present there is one carpenter in the whole area of Shumchun.

A SUCCESSFUL YEAR

"The Little Flower Club" Report

The following are excerpts from the report for 1939 of "The Little Flower Club," to be presented to the annual general meeting to be held on Feb. 22, at 8 p.m. at the Club House, 246, Nathan Road, second floor.

NEW BUILDING

The year under review has been the most successful in the history of the Club, thanks to our sweet Patroness who, in addition to the favours which she has continually been showering on us, has added that of obtaining for us from the Government the plot of ground at King's Park, Kowloon, on which we are to build a Club House of our own. This favour, one of the greatest we have obtained, marks the dawn of a remarkable improvement in the Club.

Though we shall do much in the line of social activities and of sport, we must never forget that our Club is first and foremost Catholic, and that a true Catholic Spirit must always be the predominant note in all our actions. I appeal, therefore, to the pioneers of this Club, to those who guided its first faltering steps, to come forward and spread amongst us the perfume of their zeal and of the lofty ideal which inspired them when, eleven years ago, they founded this Club.

CHARITABLE WORK

As in previous years of many activities have been carried out with considerable success. Amongst the most important ones are: the change of the Altar Linen at the Rosary Church, visits to the sick and poor, distribution of rice and donations, the S.V.P. Bazaar and the Sewing Circle. I wish here to state that another form of charitable work in the form of War Work, has been started by the Club, and willing workers are most welcome.

MEMBERSHIP

There has been a notable increase in the Membership Roll during the year, as a comparison with the previous year will show:

	1938	1939
Ordinary Members	205	240
Ordinary Life Members	4	6
Ordinary Overseas Members	1	4
Associate Members	—	48
Associate Overseas Members	—	1
Deceased Members	—	2
Resignations	3	30

INCORPORATION OF CLUB

Members will be interested to know that on the 18th January of this year, we were officially registered under the Companies Ordinance of Hongkong. The Book of Rules is in the course of printing and will be distributed as soon as completed. We sincerely tender our thanks to Messrs. D'Almada & Mason for their kind services in the matter.

NEW CLUB HOUSE

We have just been informed by our Architects, Messrs. Way & Hall, that the permit to erect our new building has been granted by the Building Authority, and tenders will be submitted in due course.

P.W.D. CLUB TO HOLD SUPPER DANCE & CABARET

Under the distinguished patronage of His Excellency the Governor and Lady Northcote, the Annual Supper Dance and Cabaret organised by the Public Works Recreation Club will be held at the Peninsula Hotel on Thursday night.

FINE PROGRAMME

Arrangements have been made for an excellent Cabaret programme, including Chinese songs and dances by Miss Violet, the well-known Chinese cinema star. Other interesting items will be a dancing display by Miss Nellie Fields, conjuring by Mr. L. Williamson and a toe-dance by Miss Helen Lane.

The Swing Kites Harmonica Band will be in attendance. Tickets may be obtained from Messrs. Moutrie & Co. or the Hon. Secretary, Public Works Recreation Club, c/o P.W.D., and also at the Reception Offices of the Hongkong Hotel and Peninsula Hotel. Half of the proceeds will go to the P.W.O.F.

the purpose of the enforcement of these Regulations, and otherwise in relation thereto, and these Regulations shall be construed and take effect as if they formed part of the Defence Regulations, 1939.

Justification...

...of downright inertia

Sit down and take notice. Lean back and give thanks. Let Parker-Knoll convince you that energy is mostly misdirected, and that the making of resolutions, however solemn, is merely a parlour game. Let it prove to you that amid all the injustices and disturbances of the present day, you at least can do justice to yourself and remain sublimely unstartled. Let it reveal to you the indescribable advantages of horizontal springing to those who lead a largely vertical life. Yes, you'll be thankful you chose a Parker-Knoll—but make quite sure it is a Parker-Knoll. Make quite sure of that.

Belief that European needs will again result in export business, caused the recent sensational upswing of soy bean prices in the Chicago market. Another factor in the climbing market is the fact that Manchurian beans, which usually supply the bulk of the demand, are still hard to get, owing to ocean traffic conditions of an unfavourable kind and high freights (Hayes by Mail).

EXHIBITION OF CHINESE CALLIGRAPHY

With a view to promoting the study of Chinese calligraphy, in accordance with instructions of the Ministry of Education, a public exhibition was held on Feb. 16-17, at Canton University.

The exhibition was sponsored by the Canton University Calligraphy Society, under the guidance of Mr. P. C. Chen, President of Canton University, and Mr. H. S. Mak, expert calligrapher.

On display were the works of primary school students on the ground floor of the University building. On the first floor the artistic work of Middle School and University students were shown, side by side with miscellaneous products of eminent scholars, such as Yip Kuei-chuk, Sung Yin-kung, Feng Yunn and many others.

A feature of the programme was the extemporaneous demonstrations by prominent calligraphers, which, it is believed, would materially help the students to master the skill of Chinese penmanship.

A special pamphlet to celebrate the occasion was put out by the Society and distributed to all the visitors.

TRANSPORT IN CHINA

WHEN THE FULL HISTORY of China's war effort comes to be written, many of its most interesting and inspiring chapters will deal with the heroic improvisations in the sphere of transport which have kept the army and country supplied and acted almost completely to nullify the Japanese blockade.

EVER SINCE THE BEGINNING of the war, the severance of China's links with the outside world has been a major objective of Japanese strategy—but this objective has never been accomplished. In theory, the occupation of Manchuria in 1931 cut the supply route between China and the Soviet Union. In practice, many new lines of communication have been laid down which are still outside the reach of the invading armies. The reduction of Shanghai was to close the road to Central China. But Shanghai's guerilla hinterland is still filling many of its needs through the Chekiang ports. The fall of Canton completely failed to close up Kwangtung, although it cannot be revealed at this stage just how transport is organized here. Nanning was the key to the Dongdang road from Indo-China, but another highway had been built in anticipation of its capture eventually and is now functioning. The Yunnan highway has not been as badly impeded by the recent bombings as press messages would indicate, and the Burma road, whose construction was a miracle of engineering, is working full time.

MANY ARE THE CHANGES that have taken place since the war in the whole appearance of the countryside. Trucks and buses run in long caravans through villages and towns that never before witnessed mechanical transport. Where, a year ago, a breakdown on the road meant the abandonment of the vehicle, there is now a network of service stations and mobile repair units to salvage such casualties. Aeroplanes commute constantly between parts of China separated by serious neutral obstacles and military fronts.

TO THE AID of mechanical transport come all the time honoured methods of conveyance which are as old as China herself. The ages meet when aviation spirit, destined for the fighting and commercial air fleets, is transported over long stages by mule-carts or human bearers, to save the motor fuel that would have to be expended if it were trucked inland. Many supply routes consist of stages by every conceivable form of carriage, from steamer to raft, and from coolie to plane. Besides the Government, private commerce, the medical services, almost every army, foreign embassies and missions, local and provincial administrations have all applied initiative and energy to the creation of their own supply networks and every possible avenue is utilised for the movement of men and goods—often through the Japanese lines.

AND THE MOVEMENT never stops. Yesterday the Yunnan railway was bombed. Today, hundreds of workers from captured railroads, specialists in a new profession—the rapid repair of lines and bridges after destruction

JAPANESE WANT "TO SAVE THEIR FOOD"

SLAUGHTER OF ALL DOGS AND CATS PROPOSED

TOKYO, Feb. 17 (Havas).—The wholesale slaughter of all dogs and cats in the Japanese Empire, "to save their food," has been proposed to the Diet by Mr. Reiki-chi Kita, a member of the Minseito party.

POINTING OUT that every dog or cat eats one koku of rice a year, and assuming the total number of these animals in Japan to be one million, one million koku of rice will be economised "if these dogs and cats ceased to live in our land."

The Minister of Agriculture being absent the Minister of War, General Hata, replied: "I am not so sure of the merits of the proposal, which would be too painful for all animal lovers."

Gen. Hata spoke with sentiment since he has a great weakness for the two splendid hounds which he keeps in his house.

PIGS & ROBBERS!

Mr. Kita also suggested that pigs should be fed on left over rice, but the agricultural authorities opposed the suggestion, since they say pigs cannot keep watch on robbers while the disappearance of cats would prevent any check on the rat population of the country.

Nazis Just Realized That They Are At War With Egypt

LONDON, Feb. 18 (Reuter).—German recognition of the fact that she is at war with Egypt was made final today. Egypt broke off relations with the Reich last September, but the Nazis hitherto had not made their attitude clear.

In Hamburg today, the Prize Court confiscated cargoes of Swedish timber of two Greek ships bound for Egypt, thus making it clear that Germany was at war with Egypt.

Tyres From Synthetic Rubber

CLEVELAND (Ohio) (Havas by Mail).—American manufacturers are in a position to turn immediately to the manufacture of synthetic rubber for making tyres and products in case supplies of this vital raw material are cut off by war, Dr. Howard E. Fritz, manager of the B. F. Goodrich Co. Synthetic Division, told a meeting of the Cleveland Advertising Club.

On the basis of large-scale production the synthetic material, called Koroseal, would cost about twenty cents a pound raw. At present it costs from 60 to 70 cents to produce. This substance, he said, has greater resistance to oil and sunlight than natural rubber and can be made inflammable.

U.S. SHIPS SOLD TO BELGIUM

NEW YORK, Feb. 18 (Reuter).—Eight liners (seven between 7,000 to 8,000 tons and the 13,000-ton President Harding) belonging to the United States Line were sold to a Belgian Company and will ply between New York, Belgium, England, and France.

The price is reported to be about \$4,000,000.

TUNGSHAN ISLE TAKEN

FOOCHOW, Feb. 18 (Central).—Latest field despatches claim that Chinese forces have regained control of Tungshan, one of the main islands off the south Fukien coast near the Kwangtung border, yesterday afternoon.

The Chinese launched a determined attack on the Japanese posts on the night of Feb. 15, and by yesterday morning succeeded in driving most of the invaders back to their vessels. A large number of the Japanese were killed during the combat.

TRANSPORT HIT

TUNKI, ANHWEI, Feb. 18 (Central).—A medium sized Japanese transport steaming upriver on the Yangtze was claimed to have been hit and badly damaged by Chinese shore batteries in the vicinity of Tungku yesterday afternoon.

Nine shells were hurled from the Chinese gun emplacements and seven found their target, it is stated.

KINEWA, Feb. 18 (Central).

Spirited fighting is raging in the vicinity of Kanshan, 10 miles east of Siao-shan on the south bank of the Chienyang River, in North Chekiang.

Two more Japanese contingents totalling over 1,500 men crossed to the south bank of the river on Thursday morning. One landing at Sanchakow struck at Kanshan, while the other landed at Paimashan, pushed southward to An-chang, southeast of Kanshan.

After several hand-to-hand combats, Chinese defenders have regained their original positions and are now tenaciously holding their ground.

Japanese units advancing towards Tawanshan and Shih-tang-shan near Siao-shan have not made much headway owing to stiff Chinese resistance.

RESTRICTION ON MOVEMENTS OF ALIENS

DRASTIC restrictions on the movements of enemy aliens who are not interned are announced in the Government Gazette.

As from Saturday all enemy aliens are prohibited from leaving the residential areas of Kowloon and the Island.

On the Island, enemy aliens are prohibited from setting foot anywhere except in the area bounded by Tung Lo Wan Road, Tai Hang Road, Bowen Road, Garden Road to Robinson Road to Park Road, Bonham Road, Western Street and Connaught Road.

On the mainland, the entire Colony is declared a protected area excepting the area bounded by Chatham Road, Ma Tau Wai Road, Tam Kung Road and Prince Edward Road to the sea-front and its western extremity.

It is noteworthy that the Internment Camp in Boundary Street is outside the area in which enemy aliens are permitted to visit.

This order prohibits enemy aliens from crossing the harbour, but a special concession is made in order to permit them to travel across from Hongkong to Kowloon or vice-versa by the Star Ferry or the Hongkong and Yumait Ferry services.

CORRESPONDENCE

TREE VANDALS: A SUGGESTION

To the Editor, Hongkong Daily Press.

Sir—One reads from day to day, in almost endless procession, reports of what are designated as "tree vandals and thieves" and of the fines and imprisonment imposed on the culprits.

While I do not intend to try to justify or exculpate the vandals, but as a tree lover, protector, and planter, I have arrived at the conclusion that the methods employed are wrong, and not a deterrent, and, as a remedy, submit the following suggestions.

Those convicted of tree cutting offences should be handed over to the Afforestation Department and, as a measure of restitution, compelled to do as much actual planting as would compensate for damage done, and, at the same time, afford a salutary lesson on the labour and time required to re-afforest denuded areas. Instead of a \$10 fine, or so many weeks in gaol, at the rate-payers' expense, the punishment could be assessed in terms of trees to be planted. Instead of a \$5 fine, substitute the planting of 50 trees.

No extra regular police or forest guards will be needed for control, but the much abused "Peace Preservation" members, about whom we have heard so much of late, could be employed for the purpose. Such action will be some return on the public money expended on uniforms, truncheons, etc.

Nor am I convinced that the Government is entirely excusable. It is difficult to understand why Government did not exercise control over supplies and prices when firewood was almost unobtainable, except to those whose pockets were well-lined. Such a measure may become necessary even yet, but taken at the proper time, would have conserved stocks and obviated what amounted to almost a monopoly, as well as preventing the pilage and pilfering of fuel from planted areas.

Cooked foods are as much a necessity for the poor as for the rich and it is not too much to say that it is obligatory on a paternal Government to consider all aspects of the welfare of its meaneast and poorest subjects.

The Home Government is spending millions for the poor in controlling prices of necessities, as well as seeing that all share proportionately.

Why not Communal Kitchens, as much as Latrines, Bathhouses, etc., etc.?

ALTMARK INCIDENT DEVELOPMENTS

Continued from Page 1

Norwegian Government if, after such a restricted search, the prisoners had found their way to internment camps in Germany.

"The above considerations have already been placed before the Norwegian Minister and amicable discussions are now proceeding with the Norwegian Government."

CONGRATULATIONS

LONDON, Feb. 18 (Reuters)—Mr. Winston Churchill, First Lord of the Admiralty, has sent congratulations to Capt. Vian of H.M.S. Cossack, for his double rescue of "Britons from captivity and Germans from drowning."

ANOTHER ACHIEVEMENT

OTTAWA, Feb. 18 (Reuters)—The rescue from the Altmark was welcomed by Canada as another naval achievement for Britain.

FULL FRENCH SUPPORT

PARIS, Feb. 18 (Reuters)—Full support for the Admiralty's action is given by well-informed circles who draw attention to the repeated German violations of Norwegian territorial waters.

Undisputed admiration for the British Navy's handling of the Altmark incident was expressed in military circles here.

An official spokesman declared that the British "did extremely well to act with such energy." It is emphasised that the Altmark violated international law by concealing the fact that she had British prisoners aboard and that she was armed.

The possibility of a sequel to the incident is noted here.

BERLIN BITTER

COPENHAGEN, Feb. 18 (Reuters)—The Berlin correspondent of the National Tidende says that anger and embitterment in Berlin are greater than at any time in the war. For the first time in several months the Wilhelmstrasse suspended its week-end and great activity prevails in Government offices, evidently preparing a counter-move of some sort.

"FLOATING CAMP"

LONDON, Feb. 18 (Reuters)—A special commentary says that the New York Times on Sunday refers to the Altmark as a "floating Nazi concentration camp."

The correspondent of the same paper states: "The view was expressed that, if the Altmark was a naval auxiliary cruiser, as the presence of British sailors on board would seem to indicate, there was considerable justification for the British action."

WASHINGTON SURPRISED

WASHINGTON, Feb. 18 (Reuters)—Well-informed circles were surprised by Britain's violation of the "three-mile limit" but there was widespread understanding for the action of rescuing so many distressed prisoners.

REQUEST REFUSED

LONDON, Feb. 18 (Reuters)—It is learned that Captain Vian suggested to the Norwegian torpedo boat Captain that the Altmark be escorted to Bergen and there examined in order that the matter might be settled in accordance with international law.

The Commander of the Norwegian warship, in refusing the request, stated that he was acting under instructions from his Government and gave the assurance that there could be no British prisoners on board the Altmark, as the vessel had been examined twice in Norwegian ports.

Captain Vian asked that the assurance should be put to proof and accordingly invited the Norwegian Commander to take the Cossack's boarding party to the Altmark and accompany them during the search.

After further conversation, the Norwegian Commander consented to accompany the boarding officer.

JAMMED IN ICE PACK

Meanwhile, the Altmark, which was jammed in the ice pack in the inner end of the fjord, began working her engines and despite an order to stop, broke free from the ice and attempted to ram the Cossack while the latter was coming alongside.

These manoeuvres resulted in the Altmark grounding by the stern. The Cossack was grappled to the Altmark and the latter immediately boarded.

Firing broke out on both sides and J. J. Smith, gunner, in charge of one of the boarding parties, was severely wounded. The British boarding party climbed up to the bridge and thrust the Captain of the Altmark from the control of the ship.

A search was made for British prisoners, who were found locked in shell rooms, store-rooms and an empty oil tank.

While these were being released, a number of German armed guards left on board the Graf Spee escaped over the stern of the ship and made their way across the ice to the shore, from where they opened fire with rifles. The fire was returned by the British and two Germans, who were scrambling across the ice to join those already ashore, were hit.

GERMAN SAVED

At the same time, another German fell into the water amid broken ice and two of the Cossack's officers plunged in and saved him. It was discovered that the Altmark was armed with two pom-poms and four machine-guns.

One officer stated that she had twice been visited while in Norwegian waters, but had not been searched. This would explain the fact that the 300 British prisoners aboard, who were clamouring for their release, were not noticed.

As soon as the boarding party and all the British prisoners were safely embarked on the Cossack, she proceeded out of the fjord and joined the rest of the British Forces.

The Ivanhoe, during the afternoon, rescued the crew of the tanker Balbur, which scuttled herself, and all the British ships proceeded in company without molestation on the homeward journey.

BATTERED AT HATCHES

LONDON, Feb. 18 (Reuters)—Describing the scene when Norwegians boarded the Altmark at Bergen, one of those rescued, said that the prisoners tried to break the hatches and open the door.

"We were all blowing whistles and shouting and we pushed a home made Union Jack through a hole in one of the hatches. A German guard caught it and then let go and we all fell in a heap. "We battered at the hatches, but the Germans turned two hoses on us and had steam winches going to drown our noise."

Some of those rescued showed bitterness in that their concerted shouts were ignored by the Norwegian and a tall, bearded seaman said that the first they knew of their rescue was when they heard a voice ask: "Any Englishmen here?" "We shouted 'Yes' and immediately came the reply, 'Well, the Navy is here.' Then we all cheered as loudly as we could."

AIR FORCE PART

LONDON, Feb. 18 (Reuters)—The part played by the Air Force in the release of the Altmark prisoners was described in an Air Ministry announcement, which states that after locating the Altmark and carrying out long-range reconnaissance flights in support of His Majesty's ships yesterday, Coastal Command aircraft provided an air escort for the Cossack and other British warships until they reached port.

Four mines were sighted directly in the course of the warships when a few miles from the Scottish coast. The aircraft warned the leading vessel and went down to deal with the mines by machine-gun fire.

Two were sunk and the destroyers, disposed of the others.

WRITTEN NAZI PROTEST

A message from Berlin states that the German Minister in Oslo yesterday morning handed a written protest to the Norwegian Foreign Office against the British action, according to the official German News Agency.

The note, recorded "a very sharp protest against this unheard of violation of international law in Norwegian coastal waters and against the fact that the Norwegian Government did not accord sufficient protection for our ship, the Altmark."

"The matter is unique in world history and I must insist—with the reservation of further demands by my Government."

"That the status quo on board the Altmark be at once reconstituted as far as is possible after the losses suffered."

That amends be made for the damage caused: "And that all available forces are put in action against the perpetrators."

"It must draw your attention to the fact that we regard the situation as being most serious—a situation which may have the gravest consequences."

The Captain of the Altmark has made a report.

Altmark, occupied the bridge by force, took possession of the ship and opened fire on an unarmed and defenceless German crew.

"Some of my men attempted to get across the ice or to swim ashore, but when the British saw the Germans on the ice and water they opened fire."

The Captain added that all dead and wounded had abdominal wounds as the British fired at close quarters. He said that he could not ascertain the number of casualties.

CAPTAIN INJURED

LONDON, Feb. 18 (Reuters)—One of the seamen rescued from the Altmark says that an officer from the Cossack went to the captain's cabin on boarding and, opening the door, fired a boobytrap revolver and wounding him in the arm. Another Briton said that the German doctor was a "white man," giving unrelenting care to the prisoners.

The prisoners were like a second crew and kept their own watches. They had a remarkable system of underground news and very soon learnt about the scuttling of the Graf Spee.

It is learned that the captain of the Altmark intended to blow up his ship after running aground but was prevented by orders from the Oslo Legation.

GOT NO WATER

LONDON, Feb. 18 (Reuters)—The first man to leave the Altmark was a batch of West Indians. A survivor from the Doris Star, William Curtis, of South Shields, said that he was on the Altmark for ten weeks.

"For a long time we got no water and had to put up with tea. The Germans behaved very badly and the skipper was a tyrant."

Frederick Thomas, of Liverpool, stated that when he was transferred from the Graf Spee to the Altmark he was put into a compartment with iron hatches and these were battered down over 45 men.

Thomas added: "It was a filthy place with no fresh air. The conditions were terrible and the Germans made them as miserable as they possibly could with their cruel and heartless treatment."

John Dykes, of South Shields, declared that he had not seen

FINNS PUT UP AMAZING RESISTANCE AGAINST SOVIET OFFENSIVE

LONDON, Feb. 17 (Reuters)—The amazing resistance of the Finns continues, and they are now trying to interrupt Russian communications with the Karelian Isthmus.

Finnish planes, with this object in view, have bombed the railway to Leningrad, and a number of stations on the line have been set on fire.

Indicating the importance of this move is the fact that the Russians cannot keep up the offensive without a continuous flow of supplies and reinforcements. The roads from Russia to the Karelian Isthmus are already overcrowded.

The Russians are still relying on sheer weight of numbers, but in spite of some progress, they have not yet broken the Mannerheim Line and have only taken a few defensive positions.

Proof of this is seen in the Russian communications which make no mention of advances of thousands of yards.

Many of the captured positions are now under flanking fire from the Finns.

STOCKHOLM FEARS

In Stockholm, it is reported that 500 Red planes bombed Finland, and the position is regarded in the Swedish capital as serious.

Though the main attacks are at Summa and Taipale, the whole of the Mannerheim Line is now engaged in a continuous battle.

FALL OF SMOKE

HELSINKI, Feb. 17 (Reuters)—A great pall of smoke and fire today was spread over the Summa front. Eye-witnesses report that the Finns holding the Mannerheim Line can in places hardly see anything of the Russian troops. They can only hear the cries of advancing men through the smoke and din of battle.

During each preliminary bombardment, the Finns take refuge in deep dug-outs, built of concrete and heavy timber.

Giving details of the Finnish successes north-east of Lake Ladoga, a communique says that several Russian columns and 180 sledges were dispersed on the ice and remnants of ski detachments wiped out.

STIRRING CALL

LONDON, Feb. 18 (Reuters)—A stirring call, reminiscent of Earl Haig's "backs to the wall" message, was issued by Field-Marshal Mannerheim to the Finnish troops. The message says that they must carry on in face of terrific odds to defend the new line with stern determination.

It added that the Finns were no longer fighting alone and that foreign help had arrived in force.

FINNS RETREAT

MOSCOW, Feb. 18 (Reuters)—A Russian communique says: "On the Karelian Isthmus the enemy retreated towards Viborg and east of Viborg suffering heavy losses."

RUSSIAN CLAIMS

MOSCOW, Feb. 18 (Reuters)—A Russian Communique issued yesterday claims the capture of military stations at Peipias and Kiamaria and also claim that the Russian advance is continuing.

Yesterday, the communique continues, 22 pill boxes were seized, while during the seven days of the great offensive, captures include 42 machine-guns and 170 field guns.

The bombing of Finnish troops and military objectives are continued and five enemy planes were shot down.

AIR RAID

STOCKHOLM, Feb. 18 (Reuters)—There was an air raid alarm, this morning in Helsinki and telephone communications with Finland were interrupted for some time, but later restored.

STOCKHOLM, Feb. 17 (Reuters)—"It is intolerable that affairs should be allowed to continue in this manner," declares the Stockholm "Tidningen," criticising the Prime Minister's refusal of military aid for Finland.

The newspaper adds: "Sweden could, for instance, send soldiers in the form of such an extension of the volunteer movement that Swedish military detachments were sent over to take part in the fight for Scandinavian freedom."

The "Svenska Dagbladet" deplores the fact that there was no indication in the communique of Government intention rapidly to promote and stimulate the volunteer movement in every way possible.

The newspaper states: "It is such Government action that Swedish public opinion strongly demands."

New Move For Peace By Vatican?

ROME, Feb. 17 (Havas)—It is officially announced from Berlin that the Papal Nuncio, Mons. Orsenico, called on the Under-Secretary of State, Baron von Welzaker, with whom he conferred for an hour and a half.

The visit has provoked rumours that the Holy See is attempting a new move for peace. The general feeling is that any Vatican peace initiative is bound to fail as the belligerents are facing aggravation of the conflict.

daylight for three weeks until this morning.

"MAKE A DASH"

A young seaman from the steamer Ashles, who was among the first to be taken on board the Altmark, said that the last two days on board were so bad that a few of us tried to stage a mutiny and make a dash for it. Aubrey Jenkins, of the Doris Star, told of an unsuccessful attempt by the captives to send out an S.O.S.

Meanwhile, in Helsinki, Sweden's refusal of military aid has aroused anxiety and disappointment.

NO CHANGES

STOCKHOLM, Feb. 17 (Havas)—Stating that "no changes have occurred in Sweden's viewpoint since January 17," when he proclaimed the country's neutrality in the Russo-Finnish war, the Premier, Mr. Hansson, revealed that the Finnish Minister, Mr. Tanner, on Feb. 13 formally requested Sweden to transfer military units to Finland.

WARNING NOTE

While the Swedish Government has informed Finland it cannot do more for that country beyond what it is doing now, unofficially help continues on a wider scale, and the press is striking a warning note, pointing out the dangers of a Soviet victory.

FRENCH WAR STOCKS

PARIS, Feb. 18 (Reuters)—A high French official stated yesterday that much French war stocks, old and new, had been sent to Finland. Planes, automatic weapons and heavy artillery were already in that country. French arms were first used by the Finns in the middle of January.

NEWS OF BIG CHINESE VICTORY IN NANNING: JAPANESE WITHDRAW U.S. Envoy En Route To Chungking

CHUNGKING, Feb. 17 (Reuters)—News of a Chinese victory at Nanning spread like wildfire through Chungking this afternoon and soon practically every shop was letting off fire crackers.

NEWS UNCONFIRMED

Chinese military quarters as well as the Chinese official Central News Agency which maintains correspondents and wireless stations in Kweilin and also on the Kwangsi front, however, cannot confirm the news.

Usually reliable Chinese circles here claim that big fires have been raging for two days, since February 15, when Japanese forces "started withdrawing in large numbers southward towards the sea coast." The same sources estimate that 18,000 Japanese troops have already evacuated Nanning.

FIRST REPORT

The first report of a Chinese victory at Nanning came this morning from communication sources in Kwangsi, whose telegram to Chungking claimed that the Japanese are setting fire to all villages on the highways north-east and north of Nanning, in the vicinity of Kunlunkwan and Kao-feng respectively.

Japanese troops on the highways to Pingyang and Wundun are stated to be withdrawing, while Japanese troops in Nanning are also withdrawing towards Yamchow on the sea coast.

JAPANESE WITHDRAWAL

No Japanese troops, it was alleged, could be found beyond a point 10 miles from Nanning, thus placing the Chinese vanguards in the vicinity of Sze-tang, north-east of Nanning.

Enquiries from official Chinese quarters here revealed that they are still awaiting further details from the Kwangsi Headquarters. They said that it was true that Japanese troops, north-east and north of Nanning have been withdrawing towards Nanning.

VICTORY ASSURED

CHUNGKING, Feb. 18 (Reuters)—Japanese troops are rapidly falling back on Nanning and the nearest Chinese troops to the city are at present only 10 miles away, declared Gen. Ho Ying-ching, War Minister and concurrently Chief of the General Staff, in an impromptu speech last night at a concert, when he was urged by the audience to appear before the microphone and give a short talk on the present Sino-Japanese military situation.

EVACUATION

Gen. Ho estimated that 1,000 Japanese trucks are evacuating the Japanese from Nanning towards Yamchow, on the sea coast, with Chinese units along the highway ambushing and attacking these Japanese convoys.

Concluding, Gen. Ho stated: "The military situation at present is definitely turning in China's favour, while a Chinese victory is more than ever assured."

Gen. Ho Ying-ching, who was dressed in foreign clothes, was in the highest spirits last night. Chinese circles are anxiously awaiting further reports from the Nanning front.

In recognition of the work and the values of the International Peace Campaign the Nobel Committee has recently voted another special grant to the Campaign. The Committee has handed over the sum to Lord Cecil, the President of the Campaign, for appropriation. This is the third time in succession that the Nobel Committee has allowed a special grant to the IPC.—(Central)

CHUNGKING, Feb. 17 (Reuters)—The United States Ambassador to China, Mr. Nelson T. Johnson, arrived in Haiphong today from Hongkong, en route to Chungking, according to information received by the American Embassy here this afternoon. Mr. Johnson is coming to Chungking via Kunming. It is learned that the Ambassador intends to proceed by train from Hanoi to Kunming, via the French-owned Yunnan Railway, but the date of departure is not yet fixed.

PUPPET KILLED IN SHANGHAI

SHANGHAI, Feb. 17 (Reuters)—Two gunmen murdered a former Government and "Reformed Government" official in the crowded Rue des Sours at 9.30 this morning. The killers escaped.

Only due to the identity of the man killed was a visiting card giving the name of Lu Ta, with the information that he was a salt merchant of Wush and Soochow. Lu was aged 50 and served the "Reformed Government" for several months prior to his death.

WAVE OF DEFECTION CHUNGKING, Feb. 18 (Central)—A fresh wave of defection is sweeping the puppet units in Rupeh and Kiangsi, according to reports.

After capturing eight Japanese officers, Ho Nan-tai, so-called captain of a puppet peace preservation corps, has surrendered to the Chinese authorities with all his men.

Wang Chuan-kao and Hsu Chih-tai, so-called captains of the puppet peace preservation corps in Kuikang and Tehan in Kiangsi respectively, have also turned over to the Chinese side with their men.

U.S. BLIZZARD TOLL

NEW YORK, Feb. 17 (Reuters)—Between 80 and 70 lives were lost, and a great deal of property wrecked or ruined, in the blizzard which hit the New England states during the middle of the week. Air, rail and main highway traffic are all back to normal again, however, save for some of the outlying country districts. The fact that the latter are still blocked may cause the supply of milk to New York to be curtailed for a day or so.

LAKH OF RUPEES FROM INDIAN RULER

LONDON, Feb. 18 (Reuters)—The Maharaja of Gondals has placed 100,000 rupees (27,500) at the disposal of the Admiralty, for the benefit of dependents of those who lost their lives in the sinking of H.M.S. Royal Oak.

VICEROY'S CONGRATULATIONS NEW DELHI, Feb. 18 (Reuters)—The Viceroy has telegraphed his very hearty congratulations to the Nizam of Hyderabad over the success of the R.A.F. squadron from the Nizam's contribution of £100,000 in shooting down of the three Heinkel bombers which raided shipping off the English coast.

COPENHAGEN, Feb. 17 (Reuters)—A son has been born to Princess Caroline Mathilda, wife of Prince Knud, 14-year-old King Christian X.

lengths, without any serious opposition. Mount Hope Bay third and gave Grether second place while Ohio came up strongly in a delayed start to finish fourth with Hopeful Star fifth.

RACE EIGHT

Sapper, hot favourite, led all the way to win easily by three lengths. In the early stages Alber was second but weakened in the home run and was only able to finish fourth. The neglected Contact and Viceroy, second favourites, were well placed at the bend and came up strongly to take second and third places respectively with Maple Star fifth. Kitty was badly left at the start and finished half a furlong behind the rest.

RACE NINE

Soldier of China, least fancied in the betting, took the lead with Strathbannock favourite and Advancing Time second favourite following. At the rock Guinness Time, third in demand, moved up and led into the straight.

In the home run, however, Strathbannock challenged strongly and managed to win by a short-head while Clowner ousted Advancing Time for third place. Soldier of China weakened and finished fifth.

RACE TEN

Sea Jay, second favourite, Sparrow, fourth in demand, Far View, hot favourite, and Connie, outsider, led the field to the rock where Far View was seen to improve, eventually drawing away with ease and winning by six lengths from Sparrow, while Sea Jay weakened and finished third. Four lengths behind Sparrow, Connie was fourth. None of the other starters were in the picture at any time. Shine Again was a bad last.

Closure Of China Ports

DRASTIC PENALTIES FOR SHIP MASTERS

A Bill, shortly to be introduced in the Legislative Council and published in the Government Gazette, is of much importance and interest to the shipping community on the China coast.

It is a Bill to amend the Merchant Shipping Ordinance, 1899. The only section involved is Section 22, sub-section 6, which makes it compulsory for a master about to proceed to sea to hold a Blue Flag and to obtain a port clearance before departure.

The penalty was a fine of \$250. The following paragraph has been added at the end of the sub-section: "If the intended voyage is to any port in China which has not been opened at any time to foreign trade the Harbour Master may, at his absolute discretion, refuse to furnish a port clearance."

TIENTSIN PORTS TREATY

The Bill has been made necessary as a result of the conditions brought about by the Sino-Japanese hostilities. Under the Treaty of Tientsin of 1858, certain ports in China were opened to British shipping. They were not lawfully entitled to enter other ports or to carry on clandestine trade along the coast. Any vessel violating this provision ran the risk of being confiscated by the Chinese Government.

However, the treaty provisions were not implemented by specific provisions in the Merchant Shipping Act possibly because of the liability of confiscation by the Chinese Government was in itself considered a sufficient deterrent.

Now, however, that the movements of the Chinese Customs preventive service are restricted by hostilities in the waters of the coast of China near the Colony it has become necessary to implement provisions.

Any Master of a ship infringing the new law will be liable to a fine not exceeding \$2,500. In addition he may be sent to prison for six months.

H.K. STOCK EXCHANGE

The Commission's recommendation of the Corporation Tax has not affected the market in any way and in spite of this as well as the short morning session owing to the Races, prices on the whole are firm and in some stocks, show an appreciable advance. Telephones (OLD) changed hands at \$264 and there are further buyers, while Lands were transacted at \$38.

RESTRICTIONS ON IMPORTS GAZETED

The full Allied blockade of Germany which seeks not only to prohibit Germany from securing raw materials with which to carry on the war, but also completely to strangle the German export trade and thus prevent her from getting much needed foreign exchange, is having its effect in Hongkong.

The Government Gazette gives a list of countries, goods consigned from which are prohibited to be imported into Hongkong unless at the time of the importation a certificate of origin and interest is produced to the Superintendent of Imports and Exports.

The countries named are as follows:

Albania, Belgium and Luxembourg, Bulgaria, Denmark, Estonia, Finland, Greece, Hungary, Iceland, Italy, Latvia, Liechtenstein, Lithuania, Netherlands, Norway, Portugal, Roumania, San Marino, Spain, Sweden, Switzerland, Turkey, Yugoslavia.

In the cases of Portugal and Spain, their insular territories in the Atlantic Ocean are excluded.

EXCEPTIONS MADE

Exceptions have been made. These are:

Newspapers, periodicals, printed books and printed parts thereof, printed music, catalogues, advertising material, printed leaflets, printed pamphlets, and printed forms.

Bona fide personal and household effects of persons entering the Colony.

Samples of no commercial value. Bona fide gifts from private senders to private addresses.

Goods in transit without transhipment or transhipment on a through Bill of Lading for destinations outside the Colony.

Goods addressed to or consigned direct to Government Departments.

In certain cases, the Superintendent of Imports and Exports may authorise delivery of goods upon security being given, within such time as he may require, for the production of a certificate of origin and interest.

These regulations will come into effect on April 1, 1940.

It is noteworthy that Soviet Russia is not included in this list.

Boom In H.K. Revenue

Revenue of the Colony for 1939 is now certain to have reached the unprecedented total of \$41,000,000, or \$8,000,000 more than the total revenue for the preceding year, which was also a record.

As a result, the Colony ends last year with a surplus of approximately \$5,000,000, unless any untoward expenditure was incurred in December.

Figures published in the Government Gazette on Saturday were to the end of November.

They disclosed that revenue for the first eleven months of the year totalled \$38,248,457, compared with a revenue of \$33,536,340 for the first eleven months of 1938.

Expenditure during the corresponding period totalled \$33,865,416, compared with \$31,193,177 in the first eleven months of 1938.

As a result of this abnormal revenue, the Colony's surplus balance has now risen to the record total of \$17,945,275.

NOVEMBER FIGURES

Revenue during November totalled \$3,473,229 while expenditure totalled \$2,813,623, thus adding \$660,605 to the Colony's coffers.

The greatest increase in revenue in November accrued from duties a rise of \$265,526 being shown compared with the figures of the corresponding month in 1938.

Licences and Internal Revenue showed an increase of \$172,083 over the figures of the previous year, while rent of Government property, land and house as well as miscellaneous receipts also showed substantial increases.

In all, revenue in November, 1939, bettered the figures for November, 1938, by \$563,269.

DEFENCE EXPENDITURE

Expenditure showed an increase of \$238,653.50 on the figures of the previous November.

The defence forces of the Colony claimed the greatest rises in expenditure during this month. For instance, the Hongkong Volunteer Defence Corps, which spent only \$19,460.23 in November, 1938, spent \$50,835.88.

But even greater were the increases of the Naval Volunteers and A.R.P. The former consumed only \$3,483.81 of the Colony's revenue in November, 1938, but last November they spent \$9,903.18, an increase of \$6,419.37.

Air Raid Precautions in the Colony cost only \$3,244.88 in November, 1938. Last year they cost \$27,823.69.

The Police Force also cost much more to maintain, the figures being \$301,063.26 for November, 1939, as against \$272,990.48 for November, 1938.

The cost of the Sanitary Department rose from \$87,027.04 to \$120,884.48, while under the item of "Stores Department," which was non-existent in 1938, a sum of \$80,116.20 was expended.

Making up for these various increases, many departments spent less than they did the previous year.

CHINA LOOMING HIGH IN PHILIPPINE TRADE OUTLOOK AFTER 1946

Whatever may be the outcome of the trade conference between the United States and the Philippines, which is definitely to be held at least two years before independence in 1946, in accordance with the Tydings-Kodalkowak Act, the most recent Congressional enactment on the Philippines, it is essential that we set ourselves with determination to undertake without any further loss of time a reorientation of our foreign trade.

It is evident beyond doubt that we cannot, much as we would like, perpetuate Philippine-American free trade. It is even problematical to secure its continuation after independence. What may be expected at most is a temporary preferential treatment on a reciprocity basis which will be insufficient to meet the impact of the cessation of free-trade and the mounting needs of an independent Philippines.

China looms high on whatever plan we may decide upon in the matter of reorientation of our foreign trade. The China of today is no longer the China of yonder days. She is now carving her destiny. There will be no backward steps for her from now on.

FORGE AHEAD

She is determined to forge ahead and even if the final outcome of the present unsettled conditions there will strip her of a substantial portion of her territory, she will still be the vast market, with teeming millions—her greatest asset—a potential source of unlimited possibilities for the expansion of our foreign trade.

As the China market is, it does not offer difficulties to develop for our export products. We have the advantage of proximity, it is a uniform market in its needs as a result of a population uniform in its tastes, usages and customs.

It is logical that in any promotional plan of our foreign trade, we should give preferential attention to neighbouring markets, inasmuch as they are due to proximity, the

NEW YORK COTTON: There have been some Spot house selling for March and some of the open interest in March transferred to May. The market was quiet though there was constant domestic and spinner buying on a broader scale. Open interest in May now totals 1,100,000 bales and is expected to exceed 1,250,000 bales. We expect May positions will become increasingly strong when May contracts approach maturity.

NEW YORK RUBBER: Better consumption outlook and light offerings at higher prices were today's stimulating influences.

CHICAGO WHEAT: The bullish interpretation of the official Argentine crop estimate was off-set by fears of the release of the government loan wheat which amounts to 137,000,000 bushels and which will mature on April 30.

PROMOTING CHINA'S TEA EXPORT

Mr. Shou Ching-wel, General Manager of the China Tea Company, who recently arrived in the Colony from Chungking to consult with various local circles on the export of Chinese tea to Europe and America, will shortly return to Chungking to report on the success of his mission here.

Beginning with the current year, it is understood, the Chinese Government has appointed the China Tea Company as the sole concern to undertake tea export.

The capital of the Company, in the meantime, has been increased to \$10,000,000 and a number of tea experts will be appointed to important posts with the company. In order to facilitate purchase of tea in various producing districts, and to improve its quality, the Company will establish experimental stations or plants in a number of tea-producing centres, according to Mr. Wei.

In addition to Soviet Russia, which has been the largest customer for China tea, China has

Colonies Water Supplies Well Maintained

Despite the fact that practically no rainfall was recorded in the Colony during the month of January, the Colony's water supplies were well maintained.

In the island reservoirs, on Feb. 1, there were 1,307.69 million gallons, compared with 1,116.33 million gallons on Feb. 1, 1939.

The total consumption for January was 450.22 million gallon, giving an average of

15.1 gallons per head of population per day.

It is interesting to note that the population of the island in Jan. 1940 was estimated at 860,000, compared with 550,000 in January, 1939.

The hours of supply for January, 1940 were 17 hours a day (from 5 a.m. to 10 p.m.) against 8 hours supply in January, 1939 '8 to 10 a.m. and 4 to 8 p.m.).

MAINLAND SUPPLY

Returns for the mainland reservoirs show that on Feb. 1 they contained 2,297.37 million gallons, against 1,850.49 million gallons on Feb. 1, 1939.

Consumption for January totaled 309.59 million gallons, compared with 232.88 million gallons in January 1939, this working out at 11.2 gallons per head of population in January 1940, against 15.0 gallons per head in January 1939.

The above figures are for Kowloon and New Kowloon, excluding

Ingenious Queries In "The Circle"

A.D.C. WILL GIVE THE ANSWERS

The Husbands and the Wives Of this select society Lead independent lives Of infinite variety.—Hilaire Belloc

Somerset Maugham is popularly supposed to be a cynic, but his cynicism is merely camouflage for a sensitive personality. In this play we are introduced to a number of people who are making, or have made, the kind of mistakes common to mankind. They hurt one another badly, but their troubles are woven into a comedy by skilful handling.

We first find Arnold Champion-Cheney, M. P., living in his fine house in Dorsetshire with his wife Elizabeth. They have been married three years, and though the furniture is beautiful the nursery is still untenanted, which calls for some comment from Clive Champion-Cheney, Arnold's father. The fact is Elizabeth is getting a little tired of her "ever-loving" husband, and when Teddie Litton, an apparently commonplace young man from the F.M.S. (of all places) pops in, it is evident that trouble is in the offing.

HOUSE-PARTY

A house-party has been arranged to meet Clive Champion-Cheney's former wife, Lady Catherine Champion-Cheney, who ran away thirty years earlier with Lord Porteus. Elizabeth has hit on this original idea and, strange though it may appear, Lord Porteus is in the invitation. Thirty years of unholy matrimony have not improved either of them. Lord Porteus is a disagreeable domestic tyrant and Lady Catherine is both gushing and insincere.

They give a very lurid account of life in Florence, which seems to have degenerated sadly since the Robert Brownings were there.

The party, so made up, including another guest, Mrs. Shenstone, gives to Elizabeth and Teddie a vivid picture of the pains attendant upon a life of so-called pleasure. Shall they, too, sacrifice all for love? Is the game worth the candle, or must Elizabeth continue to tolerate her political and furniture-collecting husband?

The Hongkong A.D.C., in their production of "The Circle" at the China Fleet Club Theatre from Wednesday, February 21, to Saturday, February 24, inclusive, provide the answers to these ingenious questions. It is advisable to book early, if you wish to secure good seats.

COLONY HEALTH

Twenty-two cases of tuberculosis, four cases of small-pox, three cases each of diphtheria, chicken-pox and dysentery, two cases of measles, and one case each of scarlet fever and enteric fever were notified to the Health Department on Feb. 18.

EASTERN PORTS

The following is the Health Bulletin of Eastern Ports for the week ending Feb. 10:

SATURDAY'S RUGGER

Continued from Page 2

Navy's line on three successive occasions.

The final scores were two goals and two tries (16 points) for the Club and two goals, a penalty and a try (18 points) for the Navy.

HEAVIER PACK

The Navy had a heavier pack and their forwards worked hard and used their weight to advantage in the scrums. Hynes, a member of the successful Inter-port team to Shanghai, played a forceful game in the pack. Carruthers, Beattie, Rutherford and Alkenhead were prominent in the Club team and were instrumental in gaining the necessary points for a draw with their opponents.

It is understood that S. D. Ismail, a former Indian R.C. cricketer, is staging a comeback and will probably play for the I.R.C. second, eleven in the League.

The Y.M.C.A. will hold a Ladies Night and Dinner on Thursday, Feb. 22, at 7.30 when a play by the A.D.C. will be rendered.
